(i) Remarks Stock of mine and my predecessors have ranged in this locality for many years (prior to 1905) and have used the water from this spring and such vested rights as have been acquired thereby are not waived by virtue of the filing of this application. The Warrior Gold Mining Co. have permit No. 7817 from the State Engineer to use this water and it is not intended to in any way interfere with the rights of said Co., but merely to use such surplus as there is in the spring.
